CAREER OBJECTIVE

- Computer Science and Engineering student at Sanjivani University with an interest in cybersecurity, ethical hacking, network security, and AI-driven security. Seeking an internship or entry-level opportunity to apply skills, learn from industry experts, and contribute to useful projects.

EDUCATION

- Integrated B.Tech in Computer Science and Engineering
- Sanjivani University, Kopargaon, Maharashtra
- Expected graduation: 2030

TECHNICAL SKILLS

- Programming: C, C++, Python
- Web: HTML, CSS, JavaScript
- Databases: SQL, DBMS
- Core CS: Data Structures, Object-Oriented Programming, Operating Systems, Computer Networks
- Security: Cybersecurity fundamentals, Network Security, Ethical Hacking (learning)
- Tools: Git, GitHub, MS Office

ADDITIONAL INFORMATION

- Soft skills: Problem solving, teamwork, communication, leadership, time management, quick learning
- Languages: English, Hindi, Marathi
- Interests: Learning cybersecurity, coding, reading tech blogs, exploring AI technologies

PROFESSIONAL INTERESTS

- Interested in applying programming and computer science fundamentals to practical security challenges.
- Focused on continuous learning in cybersecurity, ethical hacking, networking, and artificial intelligence.
- Comfortable collaborating in teams and contributing to project planning, development, and presentation.

PROJECTS

- Hospital Appointment System — Web Application: Built a web-based appointment booking platform connecting patients, doctors, and administrators. Implemented appointment scheduling, patient record management, and an admin dashboard.
- CyberShield AI — AI / Cybersecurity Concept: Designed an AI-based cybersecurity concept to detect potential cyber threats. Explored machine-learning approaches for anomaly and threat-pattern detection as a self-directed project.

CERTIFICATIONS & WORKSHOPS

- Software Engineering Principles — LinkedIn Learning, Jul 2026
- Software Design: Developing Effective Requirements — LinkedIn Learning, Jul 2026
- Critical Thinking for Software Engineers — LinkedIn Learning, Jul 2026
- Agile Software Development — LinkedIn Learning, Jul 2026
- Gemini Demo, AI Awareness Initiative 2025 — Google Student Ambassador Program, Nov 2025
- AI Tools & ChatGPT Workshop — Be10X, Nov 2025
- Microsoft Excel Using AI Workshop — OfficeMaster, Nov 2025
- Power BI Workshop — OfficeMaster, Nov 2025

ACHIEVEMENTS

- Participated in hackathons and technical events, collaborating to build prototypes under time constraints.
- Smart India Hackathon 2025 (Internal Round) — Team Code Warriors, Sanjivani University, 13–14 Sep 2025.
- Event Coordinator, Guru Purnima Online Quiz 2026 — organized the university quiz and received a Certificate of Excellence.
- Active, self-driven learner in Cybersecurity and Artificial Intelligence.

CAREER FOCUS

Cybersecurity and network security • Ethical hacking fundamentals • AI-driven threat detection • Software development • Building practical projects and strengthening technical skills
